(31)

**Application for tree works: Works to Trees Subject to a Tree Preservation Order (TPO) and/or Notification of Proposed Works to Trees in Conservation Areas (CA) Town and Country Planning Act 1990**

The District Council may not register the application unless it is satisfied that the appropriate local and national requirements have been adequately met. Please complete the tick box to confirm submission of these requirements and enclose this form with your application documents.

There are no **national requirements** for applications for tree works, except that tree works applications for trees covered by a TPO must be made in writing using the 1APP form.

<b>Details</b>	<b>Submitted</b>
	√
A completed application form	
A plan which identifies the land to which the application relates drawn to an identified scale indicating the northerly direction	
Other plans and drawings or information necessary to describe the subject of the application	

The following local requirements may apply to this application. For guidance on the circumstances when they will apply and what details/information will be required please use the following link to the Local Planning Applications Requirements Page <http://www.northnorfolk.org/planning/3946.asp> . Alternatively a hard copy of this guidance is available from the Council Offices on request.
