Event met expectations	10.5%	57.9%	21.1%		10.5%

AREA FORUM 2010 EVALUATION SUMMARY

Comments per venue:

Area Forum 1—Fakenham Community Centre 6pm to 9pm

Intervals between sections too long! Otherwise a good session, regrettably poorly

Venue is not comfortable or welcoming, too large and cold for the purpose

Sadly not enough councillors present

Area Forum 2—Holt Community Centre 1pm to 4pm

Not enough ventilation; had to leave early because of work commitments

Revised format with question time, which could have been longer, much better

Questions answered well

Too much JARGON; what happened to plain English?

Area Forum 3—North Walsham Community Centre 6pm to 9pm

I did not find the event particularly informative

What a shame the attendance was so poor, public, parish councillor apathy!

Disappointed with lack of attendance despite your publicity. More media publicity to public in for Face the people and ensure easy language, 'layman's terms' used to public

Publicity for police meeting—no posters in North Walsham, don't know about villages. Topical subject could help attendance

Poor turnout—why? Not enough questions because the answers were too long.
