**CONTRACTORS PLEASE NOTE**

1) Warning, measurements to be scaled from this drawing. All contractors should be site and responsible for taking and checking all dimensions before starting work. The designer must be advised of any discrepancies in writing.

2) This drawing must be used in conjunction with the specification / Bill of Materials and related drawings. Any structural work must be carried out to the exact specification and requirements of the client's approved structural engineer, and any amendments must have his express prior written authority.

3) All structural work must be inspected at all relevant stages by the structural engineer and the local authority Building Supervisor and comply with their requirements. Any costs and claims for damages, loss of trade, etc. incurred by failing to do so are the sole liability of the contractor.

4) Any discrepancies between drawings and/or enquiries and specifications, should be reported to the designer prior to any work commencing.
