

North Walsham Town Council

Office 4, Cedar House, New Road, North Walsham, Norfolk NR28 9DE

Tel: 01692 404114 Email: townclerk@nwtc.org.uk

Dear Sirs

North Walsham Town Council proposes the designation of the entire parish of North Walsham as a Neighbourhood plan area. North Walsham has capacity to experience growth over the coming years, this approach ensures that all aspects of North Walsham's growth and preservation are considered from a community-wide perspective, fostering inclusive engagement and planning.

This would allow us to strategically approach policies in the following areas: -

Environmental Protection and Enhancement: Policies aimed to safeguard local biodiversity, protect green spaces, and promote environmental enhancement project.

Affordable and Sustainable Housing: Emphasising the need for housing that is both affordable and built to sustainable standards. This includes promoting energy-efficient homes and considering the needs of the entire community.

Economic Development: Support the local economy through the enhancement of local business areas, encouragement of new enterprises, and facilitation on sustainable tourism.

Transport and Connectivity: Policies that improve local transport infrastructure and digital connectivity to support both residents and businesses.

Community Facilities and Public Services: Policies supporting the development and enhancement of community facilities.

Heritage and Culture: Policies to protect and enhance the areas cultural and historical assets, contributing to a sense of place and community pride.

Kind regards

Wendy Murphy

Town Clerk, North Walsham Town Council
