"The digital marketing support was a game-changer for Ashcroft Glamping's growth."

Taking part in the Go Digital project has been a fantastic experience for Ashcroft Glamping. As a growing business, they knew they needed to enhance their digital presence but weren't sure where to start. That's where Mike, their Go Digital advisor, came in. His expertise and guidance were invaluable in helping them make the most of the opportunity.

"Our advisor worked closely with us to identify our goals and recommended we focus our £500 grant on digital marketing. With his support, we developed and implemented targeted online campaigns that have significantly boosted our visibility. The difference has been amazing – we've seen a noticeable increase in web traffic, enquiries, and bookings."

"The entire process was straightforward and stress-free, our advisor made everything easy to understand, even for those of us who aren't tech-savvy, and provided practical advice we can continue to use."
