

PRETTY CORNER WOODS

SHERINGHAM

Raising the standard of
Parks and Green Spaces

FUN FOR

ALL THE

FAMILY

Pretty Corner is a beautiful 165-acre patchwork woodland and heathland, which forms part of a larger network of woodland and heaths. Together they stretch along the 10-mile Holt to Cromer ridge within the North Norfolk area of outstanding natural beauty. Located a few miles from the historic market town of Sheringham, Pretty Corner Woods is a great place for families to play, learn, explore and be creative together.

Please keep to the countryside code, clean up after your dog, and take any litter home with you.

We recommend a steady walk to the highest point of Pretty Corner, rising to 96 metres (315 feet) above sea level it is one of the highest points in Norfolk, providing fine views towards Sheringham and the sea.

WILDLIFE

On your visit to Pretty Corner Woods you'll discover an interesting range of natural habitats. You will find broadleaf and coniferous trees, heathland, grassland and ponds, as well as veteran trees such as oak, beech and sweet chestnut that date back hundreds of years.

Pretty Corner Woods is home to a wide range of animals, birds and creepy crawlies. Look for the fluttering wings of bats, bullfinches, kingfishers, butterflies, owls and woodpeckers.

Tread carefully around the woodland flowers and ferns.

Look out for the scarlet flowers on the red campion, and the white tips of wood sorrel.

Ssshhh! If you are really quiet you might even see a deer munching in the long grass, or spot an adder or slow worm sunning itself in the heathland areas.

LEARN
