Application for tree works: Works to Trees Subject to a Tree Preservation Order (TPO) and/or Notification of Proposed Works to Trees in Conservation Areas (CA) Town and Country Planning Act 1990

The District Council may not register the application unless it is satisfied that the appropriate local and national requirements have been adequately met. Please complete the tick box to confirm submission of these requirements and enclose this form with your application documents.

There are no **national requirements** for applications for tree works, except that tree works applications for trees covered by a TPO must be made in writing using the 1APP form.

Details	Submitted
A completed application form	√
A plan which identifies the land to which the application relates drawn to an identified scale indicating the northerly direction	
Other plans and drawings or information necessary to describe the subject of the application	

The following local requirement may apply to this application. (See next page)

Local Requirements	Submitted
Biodiversity Survey and Report	√

Biodiversity Survey and Report

Required if there are any of the following present or adjacent to the application site:-

- **Protected species** (all species protected under the Wildlife and Countryside Act 1981, Conservation (Natural Habitats, &c.) Regulations 1994 and the Protection of Badgers Act 1992).
- **Designated sites, important habitats or other biodiversity features** (Sites of Special Scientific Interest, Special Areas of Conservation, Special Protection Areas, Ramsar Sites, County Wildlife Sites and habitats and species listed in the UK Biodiversity Action Plan).
- **Features of geological importance** (quarries and pits, coastal cliffs and foreshore, river and stream sections and road and rail cuttings).

A protected species survey and assessment should be submitted in the case of proposals referred to in column 1 of this pdf format check list:

http://www.northnorfolk.org/files/nndc_protected_species_survey_requirements_checklist.pdf

It should be noted that this includes barn conversions.

A survey and assessment should be submitted in the case of proposals on or immediately adjacent to any of the designated sites, habitats or features listed in column 3 of this pdf format checklist:

http://www.northnorfolk.org/files/nndc_designated_sites_and_priority_habitats_survey_requirements_checklist.pdf

The above survey and assessments should follow the procedures set out in the checklists. Also see the Local Core Strategy Policy EN9 at
