

Highfields, Field Dalling

Consultation Event – Proposed Residential Development

Residents are invited to view and comment on the initial design proposals before a planning application is progressed

Field Dalling Village Hall
Monday 11th September: Evening Drop-in session: 5pm – 7pm

Concept design of proposed development

Residents will be aware that Broadland Development Services (the development arm of Broadland Housing Group) has submitted a pre-planning application enquiry to North Norfolk District Council for a residential development of 16 dwellings on land to the north of Highfields.

This comprises:

- 6 open market properties
- 2 shared ownership properties
- 8 affordable rented properties

The affordable homes will be prioritised for people with a local connection who are in housing need. The open market homes are being developed to generate subsidy to fund the affordable homes.
