

# New Sheringham Leisure Centre

There has been a lot happening since the green light was given to build a new, state-of-the-art, leisure centre in Sheringham to replace the existing Splash facility.

You can keep up to date with this exciting project as it develops and be the first to hear the latest news by registering for updates at

**[www.north-norfolk.gov.uk/sheringhamleisurecentre](http://www.north-norfolk.gov.uk/sheringhamleisurecentre)**

In the meantime, North Norfolk District Council has welcomed Everyone Active, who have taken on the management of Splash, Victory Swim and Fitness Centre in North Walsham and Fakenham Sports and Fitness Centre.

Everyone Active will be working with North Norfolk District Council to develop Sheringham Leisure Centre, which is due to open in early 2021.

## **Splash has a new next door neighbour!**

The Strip skate park opened in March 2019 after the former site was demolished to make way for the new leisure centre. An official launch will take place in the near future.

You will have seen the work which is taking place in preparation for the main construction work. As a result of this, the Council has provided approximately 45 spaces at the Kingsland Engineering site on Weybourne Road to ensure that all users of Splash have access to free parking for their visit to the centre, even during busy periods. These spaces will be signposted from Splash.
