

**Briningham - Gunthorpe Boundary Proposal Maps**

This Review seeks to tidy the boundary between Briningham and Gunthorpe South to

amend an apparent anomaly where the two dwellings at West View and Orchard End fall within Briningham parish yet they are in close proximity to surrounding properties off Swanton Road which all fall within the Gunthorpe South parish.

The proposal is also to change the boundary at Boundary Farm so it runs south of this property along the track where currently the line runs through the middle of Boundary Farm which results in anomaly of the property at The Barn, Boundary Farm falling within the Briningham parish.

The three properties concerned do not currently attract a parish precept within their Council Tax but this would change when they moved to the Gunthorpe South parish. Furthermore there would be a change in governance in terms of Parish Council which would change from Briningham Parish Council to Gunthorpe Parish Council and also from the Study Ward to the Priory ward in terms of North Norfolk District Council governance. However, they would remain in the Melton Constable Division in respect of Norfolk County Council Governance.
