

Cromer / Roughton / Felbrigg Boundary Proposal Map

This Review seeks to consolidate the properties and buildings situated at Fellside Farm into the parish of Felbrigg. Currently the farm buildings are situated in the Cromer Town South ward, whilst the residential properties, Fellside Farm and The Hayloft are in Roughton parish in respect of both Council Tax parish precept and the Electoral Register in terms of governance and the proposals are to move them into the Felbrigg parish given they are accessed only from Metton Road which runs through this parish.

These changes would mean an increase in parish precept from £33.43 per annum in Roughton to £53.35 per annum in Felbrigg based on current years figures. In terms of Governance, the properties would not change District Council ward or County Council division, however their Parish Council would change to Felbrigg Parish Council and their Polling Station would become Felbrigg Village Hall.
