Muddy Boots Volunteer Sessions

Our Muddy Boots volunteer sessions will relaunch in June 2021, and we are creating even more opportunities for you to get involved at our three green flag sites.

Each site will host a regular Muddy Boots Volunteer Group to support the rangers with their practical management and conservation work.

On top of this we are also looking for volunteers to help with ad-hoc projects, litter picking, events, site monitoring and more.

We would love to hear from anybody who is interested in helping us to look after these very important local woodlands, ensuring that they are safe & welcoming for both the public who visit them and the wildlife who call them home.
