Building Regulation Charges

with effect from 1 July 2023

Standard Charges

Commercial, Industrial and other Non Domestic Work

The following guidance notes and tables are designed to assist you in determining the charges which have to be paid for applications and inspections in relation to building work to which the Building Regulations apply. In certain circumstances where the building work is solely required for disabled persons, charges may not be payable.

Full details are contained within the Building (Local Authority Charges) Regulations 2010 and North Norfolk District Council's Building Regulation Charges Scheme 2023.

If your building work does not appear in these tables, the charge will be individually determined. Please contact Building Control with details of the work so that we can advise you.

These standard charges have been set by the Council on the basis that the building work does not consist of, or include, innovative or high risk construction techniques and/or the duration of the building work from commencement to completion does not exceed 12 months.

The charges have also been set on the basis that the design and building work is undertaken by a person or company that is competent to carry out the work that they are undertaking.

If the Council considers it necessary to engage and incur the costs of a consultant, to provide specialist advice or services in relation to a particular aspect of building work, those costs may also be included in setting the charge.

If the basis on which the charge has been set or determined changes, or where the amount of input from Building Control varies substantially from that originally envisaged, a supplementary charge may be payable.

Copies of Building Regulation application forms and details of charges can also be obtained from our website www.north-norfolk.gov.uk

Building Regulation Charges can be paid online at www.north-norfolk.gov.uk

*To obtain an individually determined charge for your intended work,
further general information about building regulation charges,
or to request a large print version of this leaflet*
